Seafood**

**PRODUCT CATALOGUE 2023**

# Authentic Indigenous Seafood

*We are Authentic Indigenous Seafood and we are proud to offer a wide variety of Canadian Seafood products, all harvested sustainably by First Nations Fisheries within the pristine rivers, lakes and oceans of Canada.*

**Authentic Indigenous Seafood** is a national supply chain collaboration among Indigenous fisheries that will help improve the viability of many small to medium scale community fisheries by connecting them to the value chain. Supporting these fisheries will improve fisheries sustainability and will foster regional economic, employment, and food security.

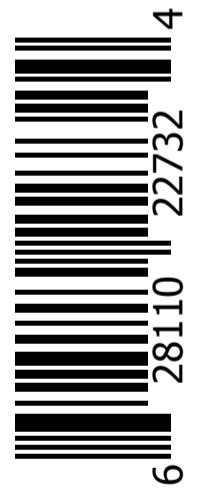

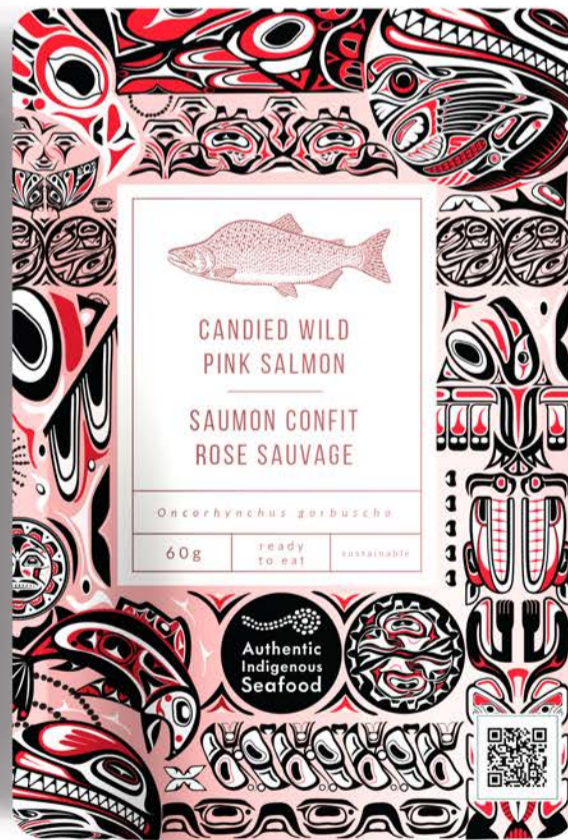

## Seafood Traceability

Products come with a scannable QR code, which shows consumers who harvested the salmon and where it was harvested. A link is also provided to the Authentic Indigenous Seafood website where consumers can access local profiles, images and the exciting stories of the fisheries the seafood comes from.

## From River and Oceans to Plate

Products are market ready, processed and packaged to showcase the unique flavours of seafood from Canada's greatest rivers, lakes and oceans. We trace our seafood directly to registered fresh water or marine fisheries that are accountable to the highest standards of government regulation.

# Product Variety

Our company offers a great variety of seafood products including: high quality Wild Salmon Frozen Fillets, frozen Candied Salmon, which is a perfect fit for food services, as well as your home kitchen, and our shelf-stable product lines of Smoked, Canned, Candied and retort Salmon. The shelf-stable products are a perfect option for ready to eat snacks while enjoying outdoor activities.

Our guarantee of QUALITY, VALUE AND SUSTAINABILITY is the gold standard that the River Select Fisheries Cooperative adheres to. Our participating fisheries follow practices that have sustained these First Nations communities for thousands of years.

# Shelf-stable products

## Smoked Wild Salmon Retort Box

Comes in a foil retort pouch package inside a beautiful indigenous art box whose design was inspired by our fishing communities artwork.

This product comes in 2 different flavours:

Maple Smoked Wild Pink Salmon and Alder Smoked Wild Sockeye Salmon.

Skinless, boneless smoked wild pink salmon and wild sockeye salmon in a shelf-stable package.

**Shelf-life: 5 years**

**Maple Smoked**

**Alder Smoked**

# Shelf-stable products

---

## Smoked Wild Salmon Retort Box

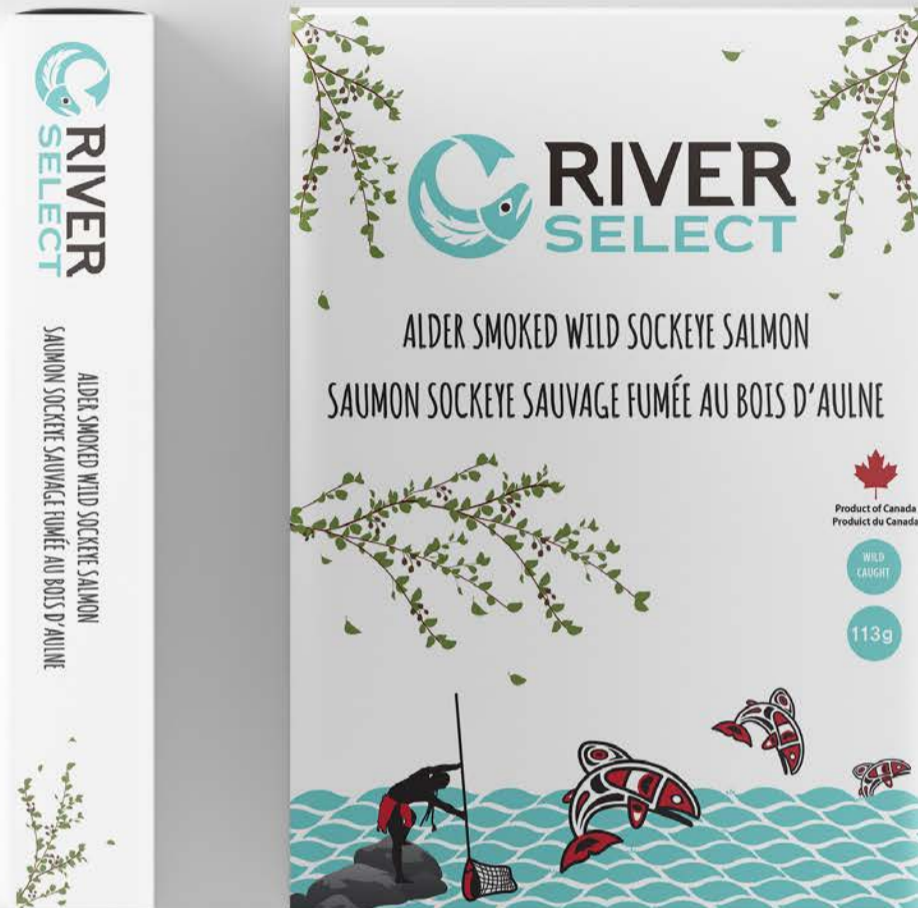

This smoked salmon product is ready to eat, and it can be used in salads, as a sushi filling or to make salmon onigiri, or in a salmon dip recipe.

## Okanagan Select Wild BC Sockeye Salmon Caviar

Our sustainably caught **Wild Sockeye Salmon** produces world renowned premium quality caviar with a unique taste and soft texture. Presented frozen in 200g trays.

# Frozen products

*This is a traceable product of Wild Coho Salmon (Oncorhynchus kisutch) harvested sustainably from Port Alberni, BC by Hupacasath and Tseshaht Nations fisheries.*

## Tsu-ma-uss Seafoods Wild BC Coho Salmon Caviar

Our sustainably caught **Wild Coho Salmon** produces world renowned premium quality caviar with a unique taste and soft texture. Presented frozen in 500g trays.

# Frozen products

*This is a traceable product of Wild Chinook Salmon (*Oncorhynchus tshawytscha*) harvested sustainably from Nootka Sound, BC by Mowachaht / Muchalaht First Nations fisheries.*

## Wild Chinook Salmon fillets (Spring)

WILD CHINOOK SALMON is prized for its high fat content, rich omega-3s and buttery texture. Also called Spring Salmon or King Salmon, is the largest of the five species of Pacific salmon. It has a milder flavor, tender texture and succulent flesh. It can be prepared in an endless number of ways, and is a prime candidate for the barbeque and broiling. Comes in frozen package full side skin-on bone-out.

# Frozen products

*This is a traceable product of Wild Turbot that are caught off the coast of Baffin Island in Nunavut, from the pristine waters of the Canadian Arctic harvested sustainably by Inuit First Nations Pangnirtung fisheries.*

## Greenland Arctic Turbot fillets

Turbot is a flatfish found in cold waters throughout the northernmost countries, particularly in the Canadian Arctic. It is similar to Halibut, but is smaller in size and is more tender with a richer flavour.

# Frozen products

*This is a traceable product of Wild Lingcod that are caught off the northwest coast of British Columbia, from the pristine waters of the Northern Pacific Ocean by Lax Kw'alaams First Nation fisheries.*

Coast Tsimshian  
Seafood

## Lingcod Fillet Portions

Lingcod is considered by many to be the tastiest of mild white-meat fish in the cod family. The uncooked meat is translucent with a hint of marine blue in its depths, but once cooked the flesh is pure white. Its slightly sweet flavour and natural oils makes it lobster-like, distinguished by its large meaty flakes and lack of fine bones.

Cedar is C Sustainable Forest Initiative Certified. Branded with cooking instructions and our Legendary Sasquatch-Salmon logo.

## Harrison Select Cedar Plank

Cooking cedar for the oven or on the barbecue. Cooking on a soaked plank gives fish, beef, pork and poultry the authentic flavor of camp cooking. Amazing flavor from the oven on a cookie sheet or place directly on the barbeque.

Shrink wrapped and Food Safe Certified, fits standard cookie sheet (15 7/8 " x 6 7/8 " x 3/8 ") for easy soaking.
